The UK'S leading equality and diversity resource – now in its 7th year.

The Diversity calendar is now established as the leading annual Diversity publication in Europe.

It is an important resource for staff as each month details all the main religious and secular dates - including bank holidays. The calendar helps managers and supervisors to ensure that staff meetings and organisation events are not planned for dates when key sections of the workforce or customer base cannot participate.

7 Key Benefits of the online diversity calendar:

1. Provides important daily information on dates, holidays and festivals for staff, clients and customers.
2. Ensures every person can have immediate access – at work and at home
3. Encourages self learning and personal development.
4. Helps to protect your organisation against tribunal claims.
5. Increases credibility with customers and clients.
6. Supports diversity and equality training initiatives.
7. At just £9 per week the Diversity Calendar delivers a very cost effective resource to promote awareness of diversity.

Three easy ways to get the most from your online Diversity Calendar

1

Place the Diversity Calendar on your organisation website(s) or intranet – to be freely accessed by employees and clients/users

2

Distribute the Diversity Calendar by email to all employees so that they have their own desk copy – at home and/or at work.

3

Diversiton can allocate a dedicated page on its website (at no cost) to host and help promote your organisation's Diversity Calendar.

If you wish to discuss your organisation's needs or have any queries...
